PAPER PANACHE

MYSTERY ADVENTURE BLOCK #85

12"x12" plus seam allowances

COLOR NOTES:

It is a good idea to avoid high contrast prints, which often distract. Use tone-on-tone fabrics.

bkg: Choose a background color that goes nicely with the other colors you have selected. It should be either lighter or darker than **gy1**, so you can tell the two colors apart easily. Make sure you can also see the **wh** and **rd** against it.

BASIC STEPS:

1. Cut out pattern and paper piece sections, making sure to add all seam allowances as you go. If there is no color information in the space, look near the section letter. A little glue stick on the wrong side of the fabric will help keep the larger pieces tighter to the pattern, and easier to piece and join.
2. After all sections are covered with fabric, turn them paper-side up and figure out how the pieces fit together. Work alphabetically following the piecing order. Make sure that the lettering on all pattern pieces is right-side up and that arrowheads match appropriately between sections.
3. Sew sections together carefully according to the piecing order. Trim seams between sections to 1/4" and press to one side. Press the seam between Sections B-C and D open.

FINISHING:

Press. Trim block to 12½"x12½", which includes seam allowances.

Send me an email and tell me what you see! Include your name and city, state/province, and country (if not the U.S.).

SUGGESTED FABRIC PALETTE:

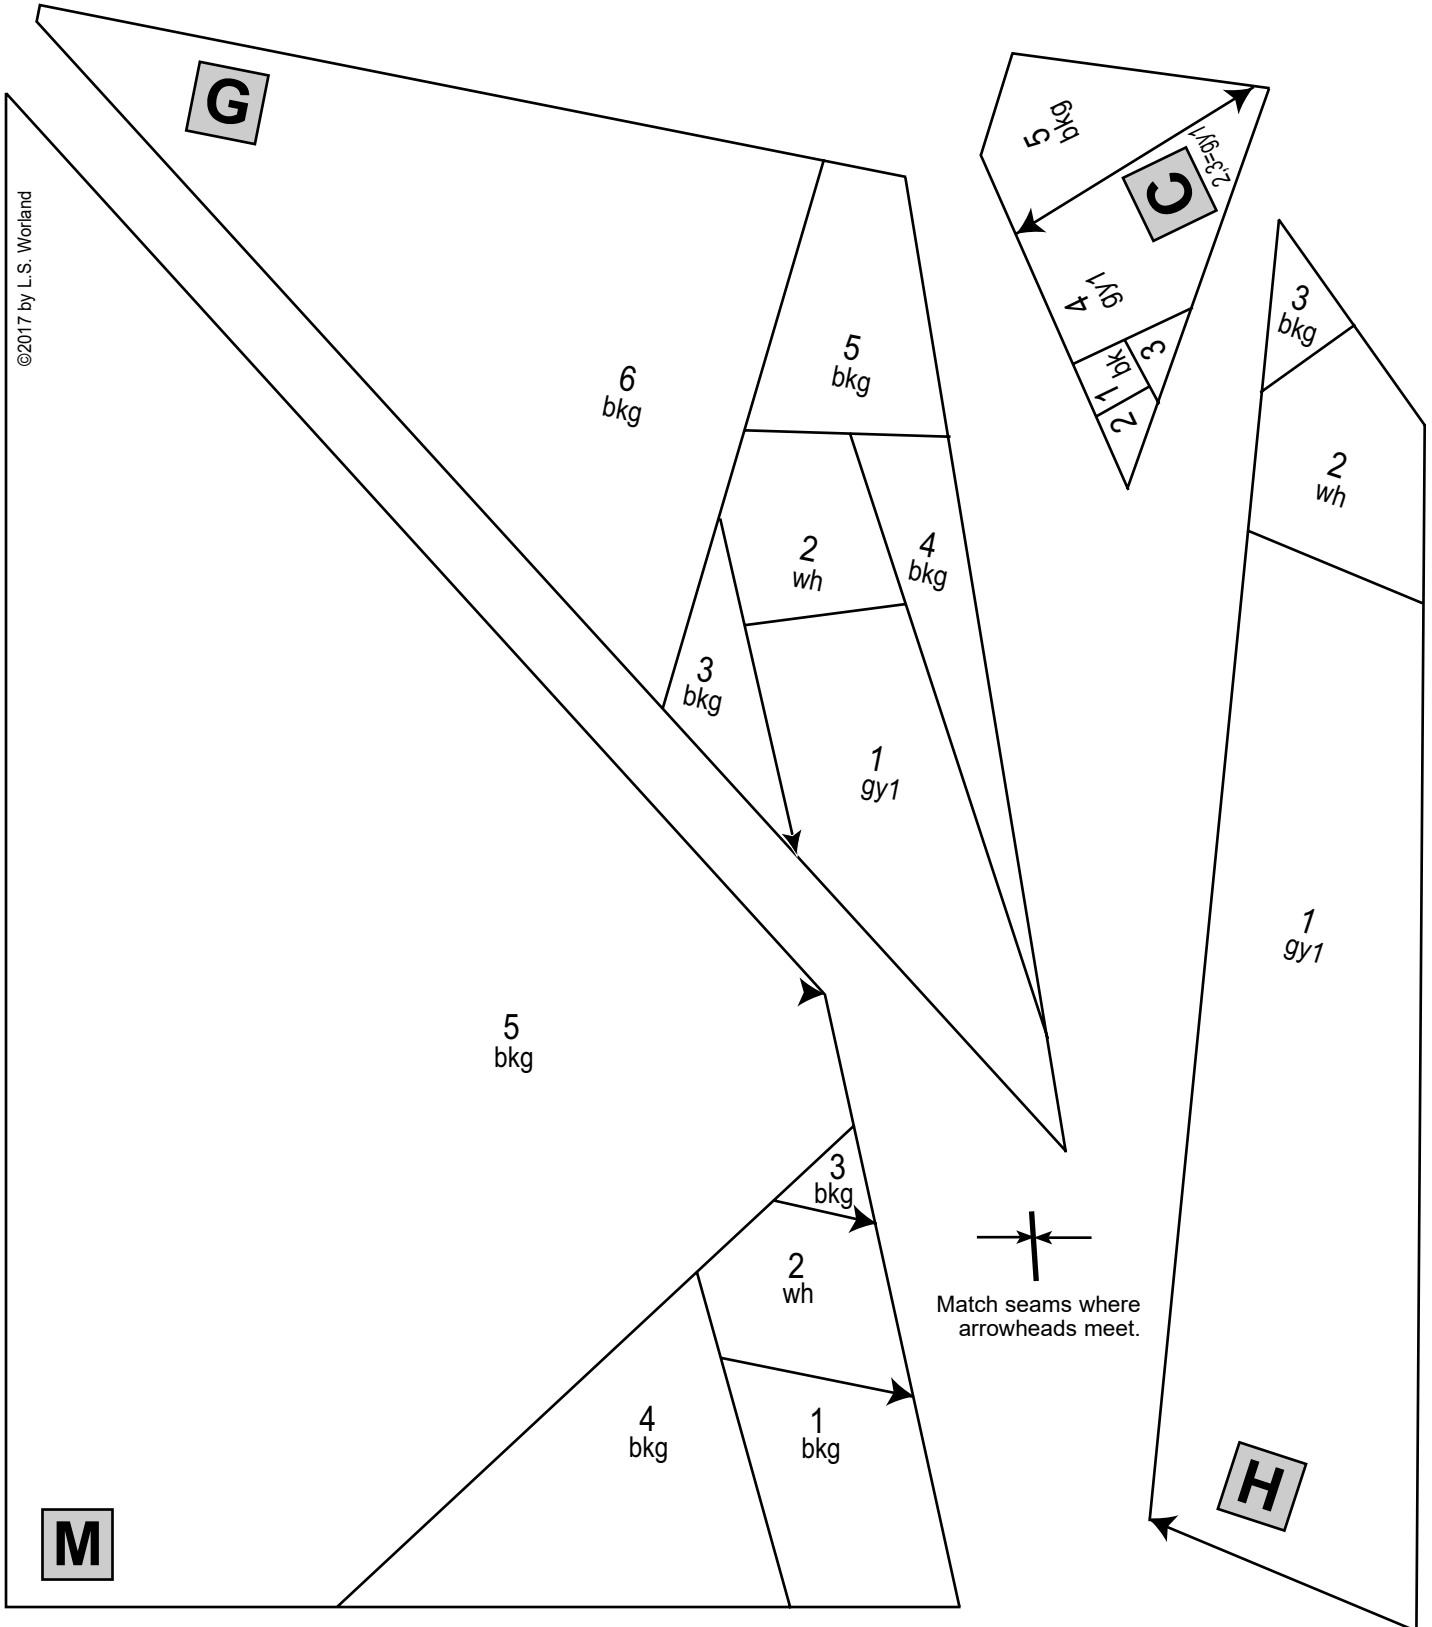

For an easy reference, tape a piece of your fabric selection in each spot at right. Amounts have been approximated. You may need more or less depending on how you paper piece, especially if you rough cut prior to sewing.
